—Masashi Kishimoto, 2013

Author/artist Masashi Kishimoto was born in 1974 in rural Okayama Prefecture, Japan. After spending time in art college, he won the Hop Step Award for new manga artists with his manga **Karakuri** (Mechanism). Kishimoto decided to base his next story on traditional Japanese culture. His first version of **Naruto**, drawn in 1997, was a one-shot story about fox spirits; his final version, which debuted in **Weekly Shonen Jump** in 1999, quickly became the most popular ninja manga in Japan.

## THE STORY SO FAR...

Naruto, the biggest troublemaker at the Ninja Academy in the Village of Konohagakure, finally becomes a ninja along with his classmates Sasuke and Sakura. They grow and mature through countless trials and battles. However, Sasuke, unable to give up his quest for vengeance, leaves Konohagakure to seek Orochimaru and his power…

Two years pass. Naruto grows up and engages in fierce battles against the Tailed Beast-targeting Akatsuki. And the Fourth Great Ninja War against the Akatsuki finally begins. Naruto and his companions face off against the reunited Obito and Madara in order to stop the resurrected Ten Tails! Ten Tails' power seems too great to handle, but Sasuke enters the battlefield along with the Edotensei-resurrected former Hokage. With Cell 7 reunited at last, the battle starts to turn in Naruto's favor. However, Obito then surprises everyone by becoming the Ten Tails' jinchuriki!
